

【国際学会発表】

- 1) Sugihara Yuusaku, Shin-ei Kudo, Kunihiro Wakamura, Daisuke Watanabe, Yuichi Mori, Masashi Misawa, Tomokazu Hisayuki, Kenta Kodama, Yoshiki Wada, Takemasa Hayashi, Hideyuki Miyachi, Fuyuhiko Yamamura, Shigeharu Hamatani Can desmoplastic reaction of colorectal carcinomas be indicated in vivo by endocytoscopy? DDW2013
- 2) Sugihara Yuusaku, Shin-ei Kudo, Kunihiro Wakamura, Daisuke Watanabe, Yuichi Mori, Masashi Misawa, Tomokazu Hisayuki, Kenta Kodama, Yoshiki Wada, Takemasa Hayashi, Hideyuki Miyachi, Fuyuhiko Yamamura, Shigeharu Hamatani. Can desmoplastic reaction of colorectal carcinomas be indicated in vivo by endocytoscopy? UEGW2013
- 3) Sugihara Yuusaku, Shin-ei Kudo, Kunihiro Wakamura, Daisuke Watanabe, Yuichi Mori, Masashi Misawa, Tomokazu Hisayuki, Kenta Kodama, Yoshiki Wada, Takemasa Hayashi, Hideyuki Miyachi, Fuyuhiko Yamamura, Shigeharu Hamatani. Can desmoplastic reaction of colorectal carcinomas be indicated in vivo by endocytoscopy? 5th Magnifying endoscopy conference2013
- 4) Yuusaku Sugihara, Shin-ei Kudo, Hideyuki Miyachi, Masashi Misawa, Akihiro Yamauchi, Yuichi Mori, Toyoki Kudo, Noriyuki Ogata, Tomokazu Hisayuki, Kenta Kodama, Junichi Ukegawa, Kunihiro Wakamura, Takemasa Hayashi, Fumio Ishida, Haruhiro Inoue, Shogo Okoshi Analysis of risk factors for colonic diverticular bleeding. A matched case-control study. UEGW2014
- 5) Yuusaku Sugihara, Sakiko Hiraoka, Shiho Takashima, Daisuke Takei, Inokuchi Toshihiro, Asuka Nakarai, Masahiro Takahara, Keita Harada, Hiroyuki Okada, Nobuharu Fujii. Terminal ileum imaging with colonoscopy to evaluate acute graft-versus-host disease severity after allogeneic bone marrow transplantation. APDW2015
- 6) Yuusaku Sugihara, Sakiko Hiraoka, Shiho Takashima, Daisuke Takei, Inokuchi Toshihiro, Asuka Nakarai, Masahiro Takahara, Keita Harada, Hiroyuki Okada, Kazuhide Yamamoto Diagnosis of the intestinal GVHD needs cooperation of pathologist and digestive endoscopist. DDW2015

7) Yuusaku Sugihara, Sakiko Hiraoka, Shiho Takashima, Daisuke Takei, Toshihiro Inokuchi, Asuka Nakarai, Masahiro Takahara, Kenji Kuwaki, Keita Harada, Nobuharu Fujii, Takehiro Tanaka, Hiroyuki Okada. Terminal ileum imaging with colonoscopy is marker for evaluation of acute graft-versus-host disease severity after allogeneic bone marrow transplantation. DDW2016

7) 8) Yuusaku Sugihara, Keita Harada, Yoshiro Kawahara, Daisuke Takei, Shiho Takashima, Toshihiro Inokuchi, Asuka Nakarai, Masahiro Takahara, Kenji Kuwaki, Sakiko Hiraoka, Hiroyuki Okada. Two Electrosurgical Endo-Knives for Endoscopic Submucosal Dissection of Colorectal Superficial Neoplasms: A Prospective Randomised Study DDW2017

9) Yuusaku Sugihara, Sakiko Hiraoka, Nobuharu Fujii, Shiho Takashima, Daisuke Takei, Toshihiro Inokuchi, Masahiro Takahara, Kenji Kuwaki, Keita Harada, Takehiro Tanaka, Hiroyuki Okada. Microvilli atrophy in the terminal ileum is a specific endoscopic finding correlated with acute GVHD and poor prognosis after allo- hematopoietic stem cell transplantation. ENDO2017

10) Yuusaku Sugihara, Sakiko Hiraoka, Nobuharu Fujii, Shiho Takashima, Yasushi Yamasaki, Daisuke Takei, Toshihiro Inokuchi, Masahiro Takahara, Yuki Morito, Sakuma Takahashi, Kenji Kuwaki, Keita Harada, Takehiro Tanaka, Hiroyuki Okada. Observer agreement for diagnosis of acute graft-versus-host disease after allogeneic stem cell transplantation with microvilli atrophy in the terminal ileum UEGW2017
